Join the Australia-Cuba Friendship Society!

Our aims are:

- To promote and encourage friendship, cultural and information exchanges between the peoples of Australia and Cuba,
- To support Cuba through financial donations to developmental projects (e.g. supporting the refurbishment of a provincial hospital),
- To raise awareness within Australia about Cuba, its people, and its many achievements despite the longstanding US economic blockade.

Members receive our e-bulletins, details of the annual ACFS Work/Study Brigade to Cuba and participate in our solidarity, cultural and fundraising activities.
